

Camp Primary School (Years 3 – 6) LEGO ROBOTICS CLUB

EDUCATE AND STIMULATE YOUR CHILD THROUGH PLAY

Children love playing games, whether they are computer games, console games or electronic games. Would you like your child to learn about how these games operate through a LEGO Robotics after school club program?

Designed for children in years 3 and above, our club will teach them how to build various robots and explain how we use robots in the real world. There will also be an element of basic programming. The last week of term will result in the children taking part in an exciting game of Robot Wars...May the best builder win!!!!

Using LEGO® Mindstorms® children can build simple robots and then each week they can build more and more powerful robots. Newly designed course so that all models can be built within 30 – 45 minutes and then 15 minutes to learn and play with their working models.

**Friday 12th January 2018 to Friday 23rd March 2018 (10 sessions @ £5 per session – No club on Half Term Friday 16th February 2018)
3:30 pm to 4:30pm**

The total cost is £50.00 and can be paid by cash/cheque, online or by using childcare vouchers

***PLACES ARE ALLOCATED ON A FIRST COME, FIRST SERVED BASIS.
