

Science

Biology

Evolution and inheritance

Look at changes to the human skeleton over time.

All living things

Look at the life cycle of animals and plants.

Look at reproduction in plants and animals, and human growth and changes.

Chemistry

Materials

Examine the properties of materials using various tests.

Look at solubility and recovering dissolved substances.

Separate mixtures.

Examine changes to materials that create new materials that are usually not reversible.

Physics

Forces and magnets

Look at the effect of gravity and drag forces.

Look at transference of forces in gears, pulleys, levers and springs.

Earth and space

Look at the movement of the Earth and the Moon.

Explain day and night.

Working Scientifically

Across all year groups scientific knowledge and skills should be learned by working scientifically. (This is documented in the Essentials for progress section.)
