

Dear Parents and Carers – we wanted to provide you with an update from earlier in the week when we had a **Wow Wednesday!**

*Basketball skills and thrills with Paul Sturges – the ‘Tallest Professional Basketball Player in the World’ and also ‘Britain’s Tallest Man’.*

On Wednesday 20<sup>th</sup> April 2022, we welcomed a very special guest to Camp School – Paul Sturges – who is a former member of the world-famous Harlem Globetrotters and stands at 7ft 7.26 inches tall. He spent the day with us talking about his passion for basketball and how his enthusiasm for the sport has allowed him to play in the NBA in the USA and how he has travelled all over the world playing basketball.

Paul was not just passionate about basketball, and sport in general, in the assemblies he reinforced how it is good to be different and we should be positive about embracing all of our differences. For each class, from Nursery up to Year 6, Paul delivered fun and engaging sessions with plenty of basketball tricks along the way that left the children buzzing.

There were certainly lots of wow moments and smiles during the day, as well as definitely a few gasps when the children first met Paul!

If you would like to find out some more about Paul then go to his website.
