Friday 30th April 2026

Dear Parents and Carers,

As you are aware, we have already held some 'Building Blocks' sessions this year, with a focus on phonics and reading. This term we would like to invite you in for our final sessions on maths. As usual we are offering two dates and you are invited to attend for either one of the sessions.

The sessions will take place between 9 -11am on

Friday 22nd May
OR
Friday 5th June

Please indicate which session you would like to attend on the google form here. If you are able to attend either session please do let us know as this will help us to even out the numbers of adults and children in each session.

This course will again take place again in our Community room, next to the Reception classroom. There will be input from Mrs Trollope on how we teach maths in Reception, followed by a chance for you to undertake some maths activities alongside your child.

We hope that you will find the session helpful and informative.

Thank you,

Chloe Berry
Early Years lead
